

Weekly Plan - w/b 18th January 2021

Here is the work for this week, hopefully we are more into the swing of things this week.

Below is the list of work set for this week with suggestions for how often different activities should be done.

I am putting ** next to the work that will be provided with feedback, this will vary across the week. So that each area is being provided with feedback. I will be looking at all the work that is handed in but only commenting on certain bits. Please ensure that you hand in./submit your work for it to be looked at.

Please use the docs/slides that have been provided and don't create new ones as it makes it more difficult to keep track of everything.
Thank you and have a great week :)

Area	Task	Where you will find it	Suggested Frequency	Completed
Registration	Put a 'Y' next to your name on the register to show you are at school.	GC Assignment	Every day by 11am
